

Question 1: Do you believe that The Wigboroughs need their own Village Hall or Community Centre regardless of whether it is sited in School Lane or elsewhere?

Ref	Y/N	Comment
1	YES	I believe the community would benefit from a Village Hall / Community Centre and should be sited in the existing building.
2	YES	Yes I do believe that The Wigboroughs need a place for the Community to meet. However I believe that with the new facilities at St Stephens Church this is adequate for their needs, together with the facilities provided by Peldon Village Hall.
3	NO	No comment
4	-	No comment
5	NO	I consider a Village Hall would not get sufficient use. The community is too small. The congregation at the local churches are a fine example. Could the churches not be used for certain functions that would have been held at a Village Hall?
6	NO	I consider a Village Hall would not get sufficient use. The community is too small. The congregation at the local churches are a fine example. Could the churches not be used for certain functions that would have been held at a Village Hall?
7	NO	In my 20 years of living here I have seen insufficient interest in community activities to justify a Wigboroughs Village Hall. I do not believe we could raise the funding to provide one, get the commitment from enough individuals to do the hard work of making it happen or generate enough activities to make it sustainable. In trying to do so we would drain financial resources from other nearby Village Halls which can serve our needs adequately.
8	NO	The population of the Wigboroughs has declined dramatically over the last 50 years and a new village hall would in my opinion be unsustainable partly due to this decline and also to present day activities which are more home based than communal.
9	YES	The Wigboroughs in an ideal world should have their own location where the community is able to meet and hold events
10	YES	I believe that The Wigboroughs should have their own Village Hall/Community Centre as this facility would have the potential to improve aspects of the life of many local residents. Currently it appears to me that most local facilities are centred on Peldon and the Wigboroughs appear to be missing out. A Village Hall could provide the opportunity to create activities that would be of benefit to Wigborough residents.

11	YES	I think a Village Hall used for the benefit of the community will create a more friendly and caring village. Needs to be in the existing building.
12	YES	Preferably sited in School Lane. Especially needed for aged residents with no buses, no cars and busy roads for walking.
13	NO	As there are already Village Halls in Peldon and Salcott this seems overkill. Village Halls have lost their purpose in the age of improved communications.
14	YES	I think Wigborough needs its own Hall.
15	NO	Survey done - no-one was interested. Harvest Supper once a year would not cover costs.
16	NO	Not enough people available to support such an establishment. No funding for build or rates etc.
17	YES	Since there is no village pub or shop there is nowhere that villagers can meet up other than the church and it would be lovely to have something which could be used by everyone.
18	NO	I see no need for a Village Hall, I think most clubs etc that may have used the hall have moved on to other venues.
19	NO	I see no need for a Village Hall, I think most clubs etc that may have used the hall have moved on to other venues.
20	YES	We feel that Great Wigborough needs a community meeting place. We appreciate that these will not be used every week for events and in view of this, a fully-fitted village hall may be a wasted resource. St Stephen's Church has recently had a wet area (limited kitchen facilities) and toilet installed. If this is used in conjunction with the main body of the Church, this may prove to be an adequate facility for use as a community centre.
21	YES	We feel that Great Wigborough needs a community meeting place. We appreciate that these will not be used every week for events and in view of this, a fully-fitted village hall may be a wasted resource. St Stephen's Church has recently had a wet area (limited kitchen facilities) and toilet installed. If this is used in conjunction with the main body of the Church, this may prove to be an adequate facility for use as an a community centre.
22	YES	A village needs a central meeting point and a place for local functions
23	YES	The Wigboroughs needs a Village Hall of its own, independent of other villages
24	YES	I remember using the Village Hall for birthday parties, jumble sales, flower competitions and all sorts. I actually have no idea who lives in our villages now!

25	YES	I do believe that the Wigboroughs need a community centre and following the re-organisation of St Stephen's church to offer toilet facilities and a wet area (kitchen facilities) at enormous expense I feel we could use the venue for a number of community functions which both the Friends of the Wigboroughs and PCC have already successfully done.
26	YES	A village hall forms the basis of a community, bringing the people together.
27	NO	No comment.
28	NO	In our opinion there is no need for one as any activity can be carried out in Peldon Village Hall or the Church.
29	NO	In our opinion there is no need for one as any activity can be carried out in Peldon Village Hall or the Church.
30	YES	The facilities at St Stephen's Church could be the answer to this provided they are available to the whole village regardless of faith etc. But the issue of car parking space needs thinking about. New governance arrangements would be needed separate from the Church. In the absence of a proper agreement do nothing then the village will come back to it.
31	YES	The facilities at St Stephen's Church could be the answer to this provided they are available to the whole village regardless of faith etc. But the issue of car parking space needs thinking about. New governance arrangements would be needed separate from the Church. In the absence of a proper agreement do nothing then the village will come back to it.
32	NO	I don't think enough people would use the facility and it will become a huge drain on local resources to benefit the minority. I believe it will end up costing too much to the tax payer.
33	YES	Every village should retain a Village Hall or Community Centre. Whatever uses that building has it still serves as a focal point for the individual community that it represents. These buildings represent the heart of the community and should be retained for future generations.
34	YES	It would be nice to have somewhere to have get togethers with the village.
35	NO	Where would the money come from to run such a facility in the long term. I don't think a Wigborough community centre or village hall is viable.
36	YES	As the present village hall has been deemed to be unsafe for use for many years we miss and lack a suitable meeting place for the Wigborough Community. We need a new hall or community centre with a play area and ample parking. In my opinion the people of the Wigboroughs would support the venture and make it viable.
37	YES	I feel the Wigboroughs should have a village hall and be re-instated in School Lane.

38	NO	Already local village halls within the area.
39	NO	Probably unnecessary as there are several in close proximity.
40	NO	No need for a village hall as there are several within the local area.
41	NO	If the church can fulfil the role of the focus for the community then "NO". Another purpose for the land may allow the community to come together equally as well.
42	NO	If the church can fulfil the role of the focus for the community then "NO". Another purpose for the land may allow the community to come together equally as well.
43	NO	We think the added facilities to the Church are adequate for the needs of our sparse and scattered community.
44	NO	We think the added facilities to the Church are adequate for the needs of our sparse and scattered community.
45	YES	No comment.
46	NO	As far as I know there has been no such interest in the last 20 years and I cannot envisage this is likely to change.
47	YES	We think that there should be some sort of community centre but the size of the community could not support a dedicated building. It would need to be a shared facility.
48	YES	We think that there should be some sort of community centre but the size of the community could not support a dedicated building. It would need to be a shared facility.
49	YES	I think the money after selling should be used to improve church facilities, kitchen etc or new village hall.
50	YES	Since there is no village pub or shop there is nowhere that villagers can meet up other than the church and it would be lovely to have something which could be used by everyone.
51	YES	The village needs a hall so there is a suitable meeting place. To try and give the village a heart as we have no shop/pub etc.
52	NO	As far as I know there has been no such interest in the last 20 years and I cannot envisage this is likely to change.
53	NO	As far as I know there has been no such interest in the last 20 years and I cannot envisage this is likely to change.
