

COVID-19

This, hopefully temporary, page will be updated periodically as new information is provided to the Parish Council. The information will also be replicated under Public Documents as a longer-term record. The most recent will be at the top.

- As Essex has gone into Tier 2 Alert Level (High) new restrictions have come in mainly restricting indoor activities to households or support bubbles. Many activities at the Peldon & Wigboroughs Community Hall have therefore been cancelled but Exercise Classes can still run as the hall is COVID-Secure. Households or support bubbles can also still book for badminton or table tennis, contact Mel on 07395 528874 or info@pwcommunityhall.co.uk.
- The Parish Council will not be holding meetings for the foreseeable future. Councillors will be in e-mail and telephone contact with each other to deal with any ongoing issues or any new ones which arise.

If you have something you wish to raise with the Parish Council please do so via the Clerk, Sue Pullen, on 01206 735 367 or susiepullen@btinternet.com.

Other councillors are available as usual for consultation. Contact details on the Parish Council website www.winstred100.org.

We will continue to use the e-mail service, the website and FaceBook for any announcements but will not be visiting the notice boards.

Please encourage any resident who does not currently use the e-mail service to join by contacting Jinny Gale on 07703 112 757 or jinnychrisgale@btinternet.com.

- ECC Briefing to Parish Councils – 11th March 2020;

This includes a situation report, information from the Director of Public Health and their communications plan.
